**DIVISION OF DIETETICS, NUTRITION AND BIOLOGICAL SCIENCES,
PHYSIOTHERAPY, PODIATRY, RADIOGRAPHY**

LEVEL 4 DIET 1

MODULE CODE: D4148

MODULE TITLE: Food and Nutrition Policy

<u>DATE: 14/11/2017</u>	<u>TIME: 2.00PM</u>
<u>WRITING TIME: 2 hours</u>	<u>READING TIME: 5 minutes</u>

INSTRUCTIONS:

Candidates should attempt three questions.

Question One is compulsory.

Students should answer two further questions from a choice of three.

Answer each question in a separate answer book

PAPER SETTER: Sandra Drummond

All students should answer Question 1

Question 1

With reference to the food policy that you have researched, briefly describe the policy, including a description of the evidence relating to the need for the policy. What are the strengths and limitations of your chosen policy? Discuss what could be done to address potential barriers to the success of the policy and to ensure maximum impact.

50 marks

Students should answer two of the following questions

Question 2

The Food Chain can be a useful tool to investigate where there may be barriers or opposition to the implementation of a Nutrition Policy. Choose one example or aspect of a nutrition policy and using the Food Chain, discuss where these barriers might lie.

25 marks

Question 3

What strategies could be employed to assess the success of a Nutrition Policy? Discuss why it is important to assess the success or failure of a policy and describe in detail the key aspects to be considered in the monitoring and evaluation of a Nutrition Policy.

25 marks

Question 4

The Common Agricultural Policy: Friend or Foe? Critically discuss how the Common Agricultural Policy has evolved over the last 60 years in response to changing needs.

25 marks
